

# Academic Pre-Plan Sheet

Complete this for each child you are preparing for to help assess their needs and create a plan beneficial for them. It's okay if each child has different needs and learning styles!

Academic Year Planning for:	
Academic/Grade level entering:	
Current academic method:	

What are their favorite subjects/topics?	
What are their learning strengths?	
What are their challenges when learning?	
What do they do when they encounter challenges?	
Are they good at asking for help?	
Do they learn better with people around or on their own?	

Do they learn better from books/theory learning or from hands on/in person experiences, or a combination?	
Do they learn better with flexible time to work or set boundary times?	
Are they good at self-guiding, do they need a fixed schedule, or set goals to work with in a flexible time frame?	
Do you have time to oversee their learning or do you prefer to be more hands off?	
Are you okay with standardized assessments or are you opposed to it?	
How are you with record-keeping? Do you already, or need to learn?	
Do they have a preference for their school setting and style?	
What is your time management style?	
How much would you be comfortable contributing to their education, <b>financially</b> ?	

<p>How much would you be comfortable contributing to their education, <b>physically or emotionally</b>?</p>	
<p>What schooling options does your home state and county/district offer?</p>	
<p>Other notes to help make your decision:</p>
